

POSITION ANNOUNCEMENT

Date: FEBRUARY 2019

Position: **RESEARCH AND EVALUATION SPECIALIST**

Responsibilities: Developing tools and processes to evaluate and measure program performance, establishing benchmarks to measure the impact and effectiveness of current programs, conduct relevant research, determine most responsive stakeholders, conduct surveys and analyze and disseminate data. Additionally, you will create a data collection system to use to continuously measure program outcomes to ensure consistent, relevant and high quality services.

Qualifications & Education: Successful candidate will have a Bachelor's degree in related field, excellent communication skills, in depth knowledge of evaluation methods, strong analytic, research and critical thinking skills, and a proven track record of success in identifying and implementing analytic and evaluative strategies to drive organizational growth. Strong computer skills are also required.
