Banking Your Money 3

Bank Statements - At the end of each month your bank will send you a statement in the mail. Your statement is a piece of paper that shows all of the deposits, withdraws and fees that have come in and out of your account for one month. You will need to make sure that the log you have been keeping matches the statement that the bank sends. Corrections will need to be made if they don't match.

Your bank statement will look something like this:

Bank Statement		April 2013
Account #324533477		
4/21	<input type="checkbox"/> Deposit	\$56.00
4/22	<input type="checkbox"/> ATM - McDonalds	\$5.75
4/23	<input type="checkbox"/> Deposit check	\$10.00
4/25	<input type="checkbox"/> ATM - Target	\$26.50
4/29	<input type="checkbox"/> ATM - Grocery	\$21.75
Ending Balance		\$12.00

Here's a copy of your log you have kept

Date	Transaction	Deposit	Withdrawal	Balance
4/21/14	Deposit paycheck	56.00		56.00
4/22/13	McDonalds lunch		5.75	50.25
4/23/13	Check from Grandma	10.00		60.25
4/25/13	Target - clothes		26.50	33.75
4/29/13	Food Mart - Groceries		21.75	12.00

1. Look over the bank statement on the left. Find each transaction on the log above that you have been keeping. Put a check in each of the boxes on the statement to show that you have logged that transaction.

2. What is your account number? _____

3. How much did you deposit on the 23rd? _____

4. What did you buy on the 22nd? _____

5. What month is this bank statement for? _____

6. What was your ending balance? _____

Do the math:

7. Gabe's bank shows that he has \$45.00 in his account. He must keep \$5.00 in his account to keep the account open. How much of the money in Gabe's account can he spend? $45.00 - 5.00 =$ _____

8. Amy has \$22.00 in her account. She wants to buy a shirt that costs \$20.00. She must keep a \$5.00 minimum in her account. Does she have enough money to buy the shirt? _____. How much more money must Amy save to be able to purchase the shirt? _____

9. Darin is going to the fair today. He has \$9.00 in his account. Keeping his \$5.00 minimum in his account, how much does Darin have to spend at the fair? _____ Circle all the items he has enough money to purchase.
